

unites 12 local Waterkeeper programs to fight for swimmable, fishable and drinkable waters for California communities and ecosystems.

## OUR WORK

California Coastkeeper Alliance and local Waterkeeper groups develop, implement and defend policies that meet the needs of California's distinct communities and ecosystems. We have helped to secure some of the state's landmark environmental victories, including creation of the nation's first statewide underwater park system, and the historic agreement to undam the Klamath River.

Today, we are working to ensure clean beaches and a healthy coast for all Californians by implementing the precedent-setting Trash Policy, defending the plastic bag ban, and coordinating coastal cleanups.

We are raising awareness about sea level rise through our annual King Tides events, and promoting nature-based climate solutions that keep communities safe and the coast accessible.

We are also promoting smart drought solutions that set California up for a secure water future that prioritizes efficiency, conservation and recycling, and ensures desalination plants are designed to minimize cost, energy use and environmental impacts.

## OUR VISION

California Coastkeeper Alliance was founded in 1999 with the belief that a healthy ocean and coast and clean water is vital to California's economy, public health and way of life.

California Coastkeeper Alliance and California Waterkeeper organizations are members of the international Waterkeeper Alliance, a network of water advocates with more than 200 programs in 21 countries on 6 continents led by Robert F. Kennedy Jr.

## OUR PROGRAMS

- ▶ Agriculture
- ▶ Coastal Water Quality
- ▶ Dams
- ▶ Flows for Fish
- ▶ Legislation
- ▶ Ocean Desalination
- ▶ Polluted Runoff
- ▶ Sea Level Rise
- ▶ Trash
- ▶ Climate Change
- ▶ Coastal Power Plants
- ▶ Drought
- ▶ King Tides
- ▶ Ocean Acidification
- ▶ Oil Spills & Fracking
- ▶ Recycled Water
- ▶ Stormwater Capture
- ▶ Underwater Parks
